REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

It was another remarkable year at Bonner Elementary School. Our staff, students, and volunteers provided an exceptional environment where great things happened daily.

While we experienced success in many areas, we continued our focus on math, reading, and integrating the arts. We were the recipient of the Distinguished Arts Program Grant, which exposed our students to a variety of different cultures and art forms. For example, through our artist-in-residence programs, our students were exposed to South Carolina dance with Caroline Hoadley, Japanese Art & Culture with Yoshiko Moon, Puppetry with Gina Bean, and storytelling with Tim Lowery. As a school, we set the stage for our students to experience units of instruction that integrated music, art, dance, and theatre. This was a tremendous opportunity for students to connect learning to their areas of interest.

We continuously assessed student performance to help guide our instruction and used test data to target specific student needs. As a school, we implemented FasttMath and Success Maker computer-aided instruction to provide extra assistance in reading and math. We continued the Roscoe Reading Program, where students were recognized for earning Accelerated Reading points. We were elated when every student in second, third, and fourth grade met their goal and were rewarded for their accomplishments. These programs added an element of fun and helped students to understand that learning is enjoyable.

Technology continues to be a primary focus for our school. We currently have three computer labs, as well as SmartBoards, computers, Elmos, and Airliners in all classrooms. We have plans to purchase additional computers for classrooms and additional computer labs throughout the building.

PTO continues to be a crucial component to our success as they volunteer numerous hours to help our faculty, staff, and students. The PTO, community members, and parent volunteers add a lot of character and truly make Bonner paradise.

Bonner Elementary met AYP and continues to work for student success. Our plans for the 2010-2011 school year include working in professional learning communities, analyzing student data, and common assessments. These initiatives will assist us in our goal to reach every child.
